To Debra Russell:

What an amazing online session on Niche Marketing! Debra was such a great and engaging presenter, our IVMF vetrepreneur graduates had all the good things to say about the session and they were engaged from the beginning to the end. Debra did a great job explaining the concept of Niche Marketing and covered a lot of information that was easy to absorb. The structure of her presentation was clear, logical and effective. We'd be happy to work with Debra again in the future!
